5) Recommendation to City Council regarding the registration of Mulligan's Hollow as an official Michigan Historic Site and permitting the erection of an Historic Marker on the site recognizing Native American Settlement and the early ownership of the site by the Bennet Family.

A presentation was given by Wallace Ewing, local historian, and Jon Jellema, former State Representative and resident of Grand Haven. Corresponding documentation of research regarding Mulligan's Hollow's rich history was distributed to members. They are hoping to be able to include the HCDC endorsement in the application to the State of Michigan, to allow an official Michigan Historic Site marker to be placed in an approved location in Mulligan's Hollow. The commission had a discussion regarding this and is very much in favor of endorsing this project.

Weiden asked if applicants needed to get approval from City Council before they could apply. Ewing stated it is a prerequisite to the application process. Weiden asked if this research was corroborated with any indigenous residents that might be available in this area. The commission concurred that it is a very good idea to include affected heritages in any research to help bridge our ethnic diversity and make these type of markers even more inclusive. Ewing stated that he had not reached out at this time. Kate Crosby and Erin Pilarski, from the Tri-Cities Historical Museum, offered to provide contact information to Ewing of contacts that she is aware of in the area. Motion by Casey to endorse, seconded by Martin. Approved unanimously.
